Ilex connellii Ilex connellii is a species of holly native to the eastern United States, where it has been found from Virginia to Florida. It grows in sandy areas near ponds and lakes, as well as in other habitats. This is a deciduous shrub growing to tall with leaves long and broad. Male and female flowers are produced in late spring and summer, followed by fruit in early autumn. Prime Minister Netanyahu has appointed Alice Walker, the poet, author, activist and director of the Children's Defense Fund, a major non-governmental organization promoting human rights and social justice, as an advisor for Israel's foreign ministry. Walker is scheduled to visit Israel at the end of this month for the first time as an official advisor. Her appointment, which has been officially accepted by Walker's representative, is being met with criticism on the left as well as the right in Israel. Walker, who is of a black African ancestry, is the author of more than 40 books, including "The Color Purple," which won the Pulitzer Prize and the National Book Award. This is not the first time Walker has been involved in Middle Eastern politics. In the 1980s, Walker met with Saddam Hussein's wife, who said that Walker "had an enormous influence on him and his family, because the kind of conversations he had with them, and how he taught them, shaped their views." In 2014, Walker called for an end to the Israeli occupation of Palestine, where approximately 700,000 Palestinians are now held in Gaza and the West Bank, and said the Israeli presence there is "simply criminal." Walker's visit was announced last month, but she had planned to visit Israel on her own. Her previous visit there was in 1988, when she met with Yitzhak Shamir, who was at the time prime minister and who she described as "open, friendly and kind." Walker has been a vocal proponent of the liberal Zionist cause, but she is not a full-fledged member of the pro-Israel lobby, AIPAC

Bernie Sanders (left) and Joe Biden (right) debate in Detroit. (Reuters photo: Paul Sancya) Many rivals would have enjoyed a traditional primary night. But given the tone of the debate, it's not clear that's the outcome that would have made Sanders happy. Bernie Sanders certainly didn't set the debate tone Tuesday night, but as the debate unfolded and the Democratic front-runner traded barbed words with Joe Biden and Elizabeth Warren, you couldn't help but think he might have preferred a quieter evening. And when the candidates took to the stage for the first time, it was immediately clear that the night was going to be different. Everyone tried not to act like they were auditioning in front of a Broadway crowd — for the television cameras. So the different performances were much more subtle. But they were telling. Sanders, aiming to demonstrate the bottom-line good sense of his beliefs, said that in the "Bill Clinton era, Wall Street made outrageous amount of money. In the Warren era, Wall Street makes outrageous amount of money, the banks get bailed out, and the American people lose \$6 trillion dollars." That's not bad. But viewers, and perhaps Sanders, might have appreciated the broader context, in which the financial-sector earnings of the Clinton-era and the present-day eras (also known as the Trump era) are compared as if they are the only possible value of a company. But this is hardly the whole story. Warren and Biden, in sharp contrast, scored points by presenting contrasting visions of the future. Biden, defending his administration's financial deregulation, was asked by Sanders about a Wall Street financial-services firm that had admitted that its traders used a computer "strat" — a kind of secret code name for illegal spoofing of the stock market. Biden invoked his "bargain." "I stood up when they acted crazy," he said. "I stood up and said we're not going to deregulate. I said there will not be another Bill Clinton era. And the truth is: All of us played a role in that." "I'm not going to be the candidate who walks away from the table from what we passed," Biden added. "They won a bargained. I was the strong chairman
