Inc.[Chronic lymphocytic thyroiditis]. Chronic lymphocytic thyroiditis is the most frequent form of thyroiditis in the elderly, responsible for 10 to 15% of all cases. Patients with this disease are frequently euthyroid or exhibit few symptoms, and the

---

thyroid nodules that frequently occur in these patients are mostly asymptomatic or show few clinical symptoms.

Subclinical

hypothyroidism is the most frequent initial sign associated with CLT in elderly men and women.

---

Thyroid scan, computed tomography scan and fine-needle aspiration cytology are also helpful in the diagnosis of CLT. This condition may last for many years and represents a benign entity. Prophylactic thyroidectomy is not

recommended because of  
the rare occurrence of  
malignant transformation  
and its poor prognosis. A  
TON of trailers and trailers  
on trailers are still  
heading out of Fremont,  
California — more than a  
year after the storied Bay  
Area tech hub was

battered by a magnitude 6.9 earthquake. About 25 container-loads of trailers have arrived at the Fremont Port, according to a new count by Streetsblog, which began tallying the number of trailers this month after a report from the San

---

Francisco Chronicle raised concerns about a possible repeat of the magnitude 6.9 temblor. At a storage lot in Oakland, more than a year after the area shook, about 100 trailers from Fremont remain, and about 150 more are still en route to the city. Some

---

of the trailers come from Seattle, and some of them are empty, but for now, many are still tethered to a crane or big rig.

According to the website, many of the trailers are for tech companies, including Apple, Google and an Amazon office, but
