What's New in the Smart Tab Mute?

Let's face it, we all love to stay connected. We chat, tweet, check email, etc. We want to be in tune with what's going on in our lives, but at the same time, we want to be able to work and relax. However, we have problems. We find ourselves regularly interrupted by notifications on our various social media platforms, emails, etc. This is not a situation to take lightly, so to help us, we have designed Smart Tab Mute. Smart Tab Mute is a Chrome extension that automatically mutes all tabs that are playing audio (music, video, etc). If you open a new tab and you do not want to hear what's going on in the other tabs, you can simply close that tab. The extension is easy to install and use, and you will get used to it very fast! If you need any help, don't hesitate to contact us at support@smarttabmute.com.

What's New in This Version: Fixed an issue that caused problems when closing the extension. *the following features are not covered by the \$15 limited time offer and will continue to be charged at the normal \$19.99 per-month or \$149.99 per-year price*

- Audible notification of sound when new tab is opened

Unmute last tab -Close tab feature: a tab is closed when the extension is closed -A countdown timer that shows how many seconds left on the tab will be closed when the extension is closed -Button to open the extension menu -Unlocked/locked icon for control when the tab is muted and unmuted - Improved notification sound in the extension menu -Improved extension menu -Upgraded icon in the extension menu -Upgraded icon in the browser's address bar -Upgraded icon in the extension's taskbar icon -Upgraded icon in the Chrome menu

This is a Sound Jukebox extension for Chrome that turns music on your computer into a jukebox. Once installed, it presents a browser menu that enables you to select from three different radio stations. If a music file on your computer is not in a format that will work with the Sound Jukebox, you can select the extension's "Import" option that allows you to upload the music. You can drag and drop or use the extension's import function. Once the music file is selected and uploaded, it will be added to the Sound Juke
